2002 – 2014 New Jersey Division of Alcoholic Beverage Control

• **Chief Investigator**

Supervised investigative activities and the regulatory oversight of NJ's alcoholic beverage industry that involved more than 10,000 businesses. Supervised, reviewed and recommended administrative charges for violations of the New Jersey Alcoholic Beverage Control Act. Investigated or supervised over 17,000 investigations that involved alcoholic beverage establishments' staff, including the ownership and management, bar, service and wait staff, security personnel, entertainers and promoters involving, among others, violent and property crime, narcotics activity, gambling, sales of alcohol to persons under the legal age, service of alcohol to visibly intoxicated patrons and undisclosed ownership interests. Member of the Director's Executive Staff and was involved in the administrative rule making process applicable to the State's alcoholic beverage industry. Authored or co-authored publications and material used by the industry, including the State of New Jersey Alcoholic Beverage Control Handbook for Retail Licensees. Established standard operating procedures, evidence, and case tracking systems for the Division's investigations.

Dram Shop - Created, designed, and implemented the New Jersey Division of Alcoholic Beverage Control's Last Drink Initiative, which collected information from more than 530 municipal, county and state law enforcement agencies in regard to the location of a person's last drink before they were arrested for driving while impaired. Data was used to identify patterns of customer over-service at retail alcohol establishments to identify establishments for follow-up undercover or overt investigations. Received Exceptional Service Award from the New Jersey Attorney General as a result.

Alcoholic Beverage Substitution - Designed and implemented the first statewide investigation of alcoholic beverage substitution by bars and restaurants in the United States. In the New Jersey Division of Alcoholic Beverage Control's Operation Swill, detectives and investigators covertly collected more than three hundred samples of premium alcoholic beverage products from on-premise consumption outlets. Through the cooperation and coordination of the International Federation of Spirits Producers, the samples were analyzed by the manufacturers to determine the product's authenticity and subsequently the violators were charged.

Alcoholic Beverage Regulations - Supervised all investigative activities for the regulatory oversight of NJ's alcoholic beverage industry involving more than 10,000 businesses. Supervised, reviewed, and recommended administrative charges for violations of the New Jersey Alcoholic Beverage Control Act. Member of the Director of Alcoholic Beverage Control's executive staff and participated in the review, modification, and enactment of administrative regulations concerning the alcoholic beverage industry. Reviewed and updated materials provided to the industry, including the State of New Jersey Alcoholic Beverage Control Handbook for Retail Licensees.

Co-created various law enforcement training courses for more than 4,000 municipal police officers assigned to enforce Alcoholic Beverage Control Act violations. Conducted required background investigations that preceded the issuance of alcoholic beverage licenses. Co-created a block of instruction on alcoholic beverage control issues for police executives and presented it at New Police Chief Orientation programs conducted by the New Jersey State Association of Chiefs of Police.
